#### TABLE BASE ONLY AT-A-GLANCE

Build a unique dining table, console or desk from our selection of table bases paired with your top or we can create a custom top to your specifications. However, we recommend using a top at least 96x48" and no larger than 120x60".

Keep in mind that all Julian Chichester Dining Tables and Bases are fully customizable. See p14-15 or visit [www.julianchichester.com](http://www.julianchichester.com) for more information.

#### DINING CHAIRS

## design, adapt... *customise*

Quite often, Julian Chichester furniture ticks every box: Our off-the-peg styles, sizes and interesting standard options suit your design plan – perfectly. But what if you desire a non-standard finish, custom dimension or something even more specific for your project? Don't despair. We take this sort of bespoke custom work easily in stride. Our in-house design team and fabrication capacity often exceed expectation, from initial inspiration to final execution. We relish achieving unusual results. It's an exciting, innovative and rewarding process.
